

# Lesson Plan - Technology Integrated

**Title:** Badgerlink as a Tool

Subject: Reading	Equipment/Materials Needed: Computer with internet connection and projector Students will need a library card
Topic: Searching with Badgerlink	Media Specialist's Involvement: none
Grade Level: 7	Standards Connection: Tech Curr goal of searching in special cases.. gr. 6-8 objective
Number of sessions: 1 30 minute session	

**Objectives:** Students will be able to successfully locate a book that is by one of the research report authors by accessing and using Badgerlink.

**Procedures:**

Using the projector, the teacher will access Badgerlink and demonstrate pathways necessary to locate some sample books.

Students should try to locate a book that is not available in our own library, and then actually get the book for use in reading time, and for bibliographic use later.

**Activities:** Accessing Badgerlink off of the bookmarks page on the school web page  
Searching for a Paulsen, O'Dell, or George book  
Obtaining the copy of the book  
Reading the book and recording bibliographic information for later

**Assessment:** Observation during the activity and during reading time will be all that is needed. Help will be given as needed and all will succeed.
